Janice is on leave this week so probably won't get back to you to confirm availability until next week. Have a great weekend.

Jeff,

Just to confirm – are you interested in hearing about arsenic in particular or changes to the IRIS Program in general? I assume arsenic?

Hi Kris,

I am just writing to follow-up on my voice message, inviting you (or someone from your office) to give us a brief update on the EPA's IRIS Assessment Program, at the TWC 2018 Annual Meeting – Thursday afternoon, Nov. 15th, Embassy Suites, Old Town Alexandria, VA. We have tracked the IRIS assessments for copper and arsenic for several years, and I know our members would be most interested in hearing the latest news.

Please let me know what might work for you.

Thx, Jeff Miller
